INNOVATIVE Labyrinth Heat Exchanger Design

Our SFC combi provides not only high-efficiency space heating, but unrivalled domestic hot water efficiency too. We call this 'Double HE'. The secret lies in our patented **two-in-one** heat exchanger that ensures optimal heat transfer and minimal heat loss.

Flue gases are condensed with both space heating and domestic hot water production ensuring heat extraction to the fullest extent possible.

Our SFC Combi boiler assures you unrivalled high-efficiency and economical operation year in, year out.
